We accomplish these goals with rigorous academic programs, high standards for student behavior, differentiated instruction to meet individual needs and frequent monitoring of student academic progress.

We have the expertise, the will and the goal. All we need are the resources...

**Taos Charter School is Asking
for Your Help**

Our students consistently outperform both the students from the local district and the state of New Mexico on standardized tests. In 2010, 83% of our students scored at or above proficiency in Reading, compared to 53% in the state of New Mexico and 44% in Taos.

**WE PRODUCE WORLD CLASS
SCHOLARS BUT...**

We need additional resources to enable our lowest performing students to increase their academic skills and to close the achievement gap between our Caucasian and Hispanic students.

We need additional books, software and time.

We have the expertise, the will and the goal. All we need are the resources...
